Addis Ababa, Ethiopia ⌂

SUMMARY

Experienced with frontend web development with a background of Software Engineering. With a strong background in HTML, CSS, and JavaScript, I believe I possess the skills and qualifications necessary to contribute effectively to your team.My experience includes 2 years of hands-on work in front-end development, where I have successfully designed and implemented responsive and visually appealing web interfaces. Additionally, my proficiency in React allows me to create dynamic and mobile-friendly websites, enhancing the overall user experience.
